A Fine Young Market.

The Farmers Tobacco Warehouse Company at Campbellsville had three unprecedented record sales last week for these parts. Burley tobacco on this market is selling higher than ever known before, and the Campbellsville House is taking rank with the most successful and satisfactory loose leaf houses in Kentucky.

Card of Thanks.

The children and grand children of Eliza Darnon, who died last Monday week, desire to extend their heartfelt thanks to the many friends who tenderly nursed him during his last illness. The faithful friends will ever be remembered by the entire family.

County Clerk S. C. Neat has issued over 2000 dog licenses. We will begin the publication of the list next week.

An infant child of Will Taylor, who lives back of Eld. Z. T. Williams' residence died last Tuesday morning.

Champaign Illinois.

Champaign, Ill. Feb. 9, 1918, It strikes me that the best memorial to the boys who went into the service from Adair County during the war would be a modern Y. M. C. A. building. To them the dead can best be honored by serving the living, and in my judgment no better service could be rendered the young men of Adair County by the erection of a modern Y. M. C. A. plant, completely equipped with all the facilities that minister to the physical, intellectual and moral natures of the young men of the county.

The army Y. M. C. A. was a great factor in sustaining the morale of the boys in the service. In camps in this country, and overseas, the organization did a great work in assisting in winning the war. We fail to realize the greatness of the work that this organization did until we learn that there were 1507 buildings and 5500 secretaries in the Y. M. C. A. service. All organizations served splendidly, but the great burden of the work fell upon the Y. M. C. A.

If the Y. M. C. A. was needed in sustaining the morale in war time, is not it more important still to have some force that will sustain the morale of the young men in peace time? There is not the excitement nor the discipline to keep the young manhood at its best as in war time.

There should be some influence that will spur the ambition of the young men, to stimulate them to their best endeavors, and that influence seems peculiarly to have been the province of the Y. M. C. A. with its night classes, its physical director, its wholesome companionship and

many other good things that could be said for the organization.

Then there are the boys growing up, who need just the kind of leadership that is provided by earnest, active Y. secretaries.

Such a building dedicated to the Manliness of Men, would be as fine a tribute as Columbia and Adair County could erect to the boys who went out to give their lives to the ideals for which their country was fighting.

I think this would be a finer tribute than the monument you talked about some time ago. A hundred men in Adair county could give fifty dollars apiece, and hundreds could give twenty-five dollars and less.

I will start the ball rolling by saying I will give fifty dollars on such a plant.

Jesse and Walter have been discharged from the Navy. Jesse has accepted a place in the Centenary movement of the Methodist church of lining up minute men for that work in the church. His field is the states of Iowa and Nebraska.

Walter will go to Mississippi with Dad and Garrett to help operate a farm which they have recently purchased in that state.

Nathan Murrell purchased a farm in Minnesota but will continue to live in Ill.

not writing sooner but we have been on the road ever since about Nov. 15. We have hiked about 250 miles and we are 20 miles east of the Rhine river. It was pretty hard on some of us coming so far. We have been drilling and doing some guarding over here. Well I don't know when we will get to come home. It might not be very long and it might be next summer before we get to come. Well it has not been very cold over here yet. There has been one or two snows so far. How is the weather at home? Well how was Christmas with you all? I got some tobacco and chocolate and a pretty good dinner. I went to church Xmas day. I don't get my mail very often, haven't got but two letters from home since I landed in France Aug. 20th, 1918. Just keep on writing, guess I will get them sometime. Guess it is about time I was closing as it isn't much news to write. Write and tell me how all the people back there are getting along.

Ans. soon. From your son.
